

#PeoplePlanetProduct

PEOPLE

Relationships with our employees, suppliers, and local communities

1. Be a fair and equitable employer that develops its people
2. Focus on health & safety and overall well-being of our employees
3. Grow a supply chain committed to ethical standards
4. Foster positive impact in our local communities

PLANET

Environmental footprint of our operations and the climate impact of our value chain

1. Reach Net Zero carbon
2. Avoid operational waste and prioritize recycling
3. Manage water use
4. Avoid pollution

PRODUCT

Sustainability considerations in our culinary and packaging offering

1. Offer healthy and nutritional food
2. Ensure highest standards of safety in food and packaging
3. Advance responsible resource use and preserve biodiversity
4. Champion circular economy
